Please speak to our Careers Leader to identify the most suitable opportunity for you.

The school will make a suitable space available for discussions between the provider and students, as appropriate to the activity. The school will also make available ICT and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Leader.

Providers are welcome to leave a copy of their prospectus or other relevant course literature with the Careers Advisor so that they can be available to students and parents/guardians where appropriate.

Loreto High School Chorlton

The intended audience for this document is employers and other external providers. All students have an equal entitlement to high quality Careers Education, Information, Advice and Guidance at Loreto High School that helps to prepare them for choices and transitions affecting their future education, training and employment. We welcome support from a variety of employers and are always looking to develop our links further. We are always seeking to enhance our programme and employers are a vital aspect of this work and can contribute significantly to developing our students further.

Key developments for us:

- Benchmark 4 Linking curriculum learning to careers: We ask for support to enhance our curriculum and bring the world of work into the classroom.
- Benchmark 6 Experiences of workplaces: We currently do not offer all students work experience at KS4 but do encourage this outside of school hours. We require support in obtaining relevant and engaging experiences for our students, ensuring they gain an understanding of the workplace and the skills they need to develop to contribute positively in the future.

If you are a local company or education provider and think you can contribute to our programme, please contact our Career Leader, Mr Justin Chillingworth
