

Part B: Review of pupil premium strategy outcomes in the previous academic year

This details the impact that our pupil premium activity had on pupils in the 2024 to 2025 academic year (Year 1 of 3 Year Strategy). We are pleased to report that outcomes for our Pupil Premium students improved across all headline measures (see below) from 2024 to 2025, whilst at the same time, the gaps between our Pupil Premium students and non-Pupil Premium students diminished quite considerably. This is an improving trend as seen over three years.
