

Bookshare Guide

1. Go to <https://www.rnibbookshare.org/login> and type in your username and password.
2. After you have logged in it will take you to your personalised homepage, which will look like this:

3. Here you can view the books and images you have downloaded and reading lists that have been assigned to you.
4. Click 'read now' next to the book title and you can read the book immediately using the built- in web browser tool.
5. The left hand my homepage menu contains links to the key functions for accessing your books and images (history, reading list, account)
6. My history: lists all the resources that have been assigned to you. You can download them by selecting the link in the status column. This will say available if downloading for the first time or downloaded if you have opened it before.
7. My reading list: all the reading assigned to you by a member of staff. Select the list title to display the resources and download the book or image you need.
8. My account: allows you to view information about your download preferences.

- Use the 'Help centre' to find answers to your RNIB Bookshare questions.
- Using the 'Site Search' feature at the bottom right-hand corner you can easily search the entire website for the information you need.
- You can download the Dolphin EasyReader App onto your smartphones and other devices. It is a **FREE** app which allows you instant access to accessible reading resources and the world's largest collection of books, as well as access to RNIB Bookshare.
